

# SBC682PNRTRIPLE

33.63" x 23.75" x 24.75" (H x W x D)

24" wide built-in indoor/outdoor full-sized kegerator with panel-ready door, stainless steel exterior, and complete commercial grade triple tap kit to serve from three 1/6 kegs

### Highlights:

- Meets residential guidelines for home wet bars and similar spaces
- Designed for built-in installation under the counter
- Customizable door accepts full overlay panels for a seamless look that can blend into cabinetry

### Product Features:

|                           |                                                                                                                                                                                                           |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Large capacity kegerator  | 5.6 cu.ft. interior can accept a full half barrel keg, two slim quarter kegs, or up to three sixth barrel or Cornelius style kegs                                                                         |
| Built-in capable          | Front-breathing design allows fully recessed installation under counters                                                                                                                                  |
| Panel-ready door          | Extended hinging allows you to install your own panel overlay on the door, creating a custom look to complement or blend into your own cabinetry (panel size: 29 3/4" H x 23 5/16" W at a 3/4" thickness) |
| Durable design            | Solid 304 grade stainless steel construction ensures long-lasting durability                                                                                                                              |
| Indoor/Outdoor compatible | Weatherproof construction for safe use in the outdoors                                                                                                                                                    |
| Complete tap kit          | Includes a 5 lb. CO2 tank and regulator, triple tap draft arm, Sankey American tap, and connection hardware                                                                                               |
| Triple tap system         | Triple draft tower allows you to serve from three 1/6 (sixtel) sized kegs                                                                                                                                 |
| Automatic defrost         | Reduced user maintenance with auto defrost operation                                                                                                                                                      |
| Digital thermostat        | Electronic controls ensure easy temperature management, with an external readout in Celsius or Fahrenheit                                                                                                 |

## SBC682PNRTRIPLE Specifications:

### Overview

|                            |                    |
|----------------------------|--------------------|
| Nominal Height             | 34.0" (86 cm)      |
| Height of Cabinet          | 33.63" (85 cm)     |
| Nominal Width              | 24.0" (61 cm)      |
| Width                      | 23.75" (60 cm)     |
| Nominal Depth              | 25.0" (64 cm)      |
