

# TEM788BKW

34.5" x 24" x 24" (H x W x D)

24" wide 220V electric wall oven in stainless steel designed to fit 22 3/8" W x 34 1/8" H cutouts; made in the USA

## Highlights:

Made in the U.S.A.

34 1/8" H x 22 3/8" W x 23" D cutout dimensions fit many pre-existing kitchen spaces

Extend the height to 39" with optional trim kit in black (TKW700) or stainless steel (TKW700SS)

## Product Features:

|                                |                                                                                                                                   |
|--------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Made in the USA                | Designed and constructed domestically                                                                                             |
| Classic fit                    | Sized to fit 34 1/8" H x 22 3/8" W cabinet cutouts, a popular replacement size rarely offered by other manufacturers              |
| Large capacity                 | 2.92 cu.ft. interior to fit large dishes                                                                                          |
| Stainless steel front          | Doors and control panel are constructed from brushed stainless steel for modern luxury built to last                              |
| Professional towel bar handles | Curved handles in brushed stainless steel offer an easier grip in attractive style                                                |
| Storage compartment            | Bottom drop-down compartment is ideal for storing cookware, helping to free up space in your small kitchen                        |
| Oven window and light          | Door includes a window and exterior on/off rocker light switch, making it easier to monitor your cooking without opening the door |
| Adjustable oven racks          | Two wire racks with safety brakes included, with several glide positions to accommodate a variety of sizes                        |
| Broiler function               | Upper heating element is located inside the oven so there is no need to transfer dishes to another compartment for broiling       |
