aria nuova

PRODUCT GUIDE

AIR IS PRECIOUS.
THIS EVERYDAY AWARENESS, HAS DRIVEN ELICA'S DESIGN
SENSE, SUPPORTED BY THE MOST ADVANCED TECHNOLOGY
IN THE FIELD. ALL ELICA SERIES ARE ABLE TO MEET THE
NEEDS RELATED TO THE DIFFERENT WAYS OF LIVING AND
COOKING ALL AROUND THE WORLD.

WHY ELICA?

The history of our brand began back in 1970 in Fabriano, Italy, where **our passion for design and quality** was born. An unmistakable style along with the meticulous studies of the air and its qualities, are our distinctive traits.

From the very beginning, we have been inspired by the principles of Italian Design, combining the most innovative technologies in the creation of our range hoods.

Over the years we have revolutionized the image of the hoods and the Elica brand can be found in homes all over the world. Our evolution has taken us into the world of cooking, providing unprecedented industry first solutions before anyone else that **never cease to amaze**. Our long history of cutting-edge design and technology has led to numerous patents, which have helped drive the future of appliances. At our global design center and the Elica Propulsion Laboratory, experts study air, moisture and heat, where they are researching and developing the products of tomorrow.

We are the market leader, producing 20.7 million pieces ranging from hoods to motors every year. Elica is represented world wide on five continents with manufacturing plants and commercial offices in Italy, Poland, Mexico, India, China and Russia.

These are some of the Awards where our products have been recognized:

AIR COOKING

NIKOLATESLA is the first Elica exclusive Aspiration Cooktop, which combines functionality of two technologies: Induction + Ventilation System into one single appliance. No other cooking technology is faster than the induction elements, Nikolatesla Series makes a reality to boil 1L of water in less than 60 seconds. Elica's Air Cooking line offers all the benefits of the induction wonders: Safety, cleanliness, energy saving, PLUS the aspiration system of a powerful hood. Save time and space, uncover this elegant hi-tech design.
NIKOLATESLA SWITCH

INDUCTION COOKTOP

Model Numbers	ENS436BL
Wattage	440 W
Frequency	60 Hz
Voltage	208-240 V
Cooking Zones	4 zones of 7.1" x 7.9"
Bridge Zones	2
Heating Level	9 levels + booster

ASPIRATION SYSTEM

Aspiration levels	3 speed + booster ventilation
Blower performance	400 CFM (4 speed + boost)
Noise (sones)	5.9 sones
Duct transition	3 1/4" x 10" Rectangular
Filters	6 layer dishwasher-safe anodized aluminum mesh
Recirculating Kit	3 - Ceramic Carbon Filters

AIR COOKING

Size	36 1/2" W x 20 1/4" D x 8 1/4" H
Type Finish	Black glass
Installation Type	Ducted or recirculating Self rimming or flush mounted
Controls	Slider touch control

AIRMATIC POT DETECTOR BRIDGE ZONES STOP & GO TOUCH CONTROL TIMER

TEMPERATURE MANAGER DELAY SWITCH OFF WARMING MODE EASY TO MAINTAIN CHILD LOCK TOTAL INTEGRATION
RISERVA SERIES

Fresh drinks as an alluring lifestyle.
Life is best when you improvise, but when it comes to your favorite beverages and wines it is better to be prepared and have them always handy!
Meet Elica's New Series of Undercabinet Beverage Centers and Wine Cellars, exquisitely designed to preserve them fresh to accompany the best moments of your life.

EBS52SS1

Beverage & Wine Center
SINGLE DOOR DUAL ZONE

Width	24"
Dimension	23 13/32" W x 33 13/16" H x 23 5/8" D
Weight	128 lbs
Istallation Type	Built-in and free standing
Volume	4.8 cu ft (135L)
Sound level	39 dBA
Door finish	304 stainless steel + tempered glass
Hinge Design	Concealed
Lightning	3 level white LED
Controls	Capacitive touch display with white numbers

COOLING ZONE 1 - BEVERAGES

Total Capacity	72 cans (12 oz cans)
Temperature Range	34 to 50 °F
Shelving	2 adjustable slide-out Tempered glass shelves

COOLING ZONE 2 -   WINES

Total Capacity	14 bottles of wine (25 oz)
Temperature Range	40 to 64 °F
Shelving	1 full extension rack of beechwood with metal front trim

RISERVA

Door Handle	Tubular
Door glass	Tinted dual pane, Low-e-Argon-Filled
Reversible door	Yes

ELECTRICAL

Min. circuit required	15 A
AC Power	110- 120 V /60 Hz
Amperage	0.95 A
Plug Type	B
PRO Handle kit	KIT0175505

Others	Anti damping system Sabbath mode Beverage shelving made of tempered glass Premium beechwood wine racks Double panel glass door, UV coated 1 carbon filter

ICONIC

Iconic line hoods are uniquely Italian, with a focus on design that makes a statement in any home, providing captivating beauty, complemented by innovative materials and technology that promotes curiosity, emotion and conversation.

EASY
ISLAND

Model Numbers	EES320SS, EES320WT
Width	20"
Depth	20"
Color / Material	Stainless steel / White
Blower Performance	355 CFM (3-speed + boost)
Controls	Electronic push control with perimetral light
Lighting	3 LED Lights
Filter	Aluminium mesh filter + Perimeter aspiration
Installation Type	Recirculating
Installation Height	For ceiling heights 6'10" - 11'8"
Sones	6.8 sones
Others	Timer

KIT
Optional wall mounting bracket   KIT0121394
High ceiling extension   KIT01921

ELICA´S EXCLUSIVE FEATURES

STOP & GO

COOKTOP

Pause all the features in use on the hob, to later restore them back to what was previously set.

BRIDGE ZONES

COOKTOP

Homogeneous cooking: cooktop surface adapts to the type of pot being used.

POT DETECTOR

COOKTOP

Turns off cooktop when zone is not being used and turns on when pot is placed.

WARMING MODE

COOKTOP

Designed for a low temperature cooking, ideal for heating liquids without worrying about the over-heating. Keeps prepared food warm,while other foods are still cooking.

AIRMATIC

COOKTOP

Once the Airmatic function is activated, the product's intelligent sensor system detects the quantity - but above all the quality - of the fumes produced by the type of cooking and sets the most suitable aspiration power.

EASY TO MAINTAIN

COOKTOP

All the components, such as the grease and odour filters, can be easily accessed and removed so they can be washed or rapidly replaced. Making it a low-maintenance product.

TIMER

COOKTOP

Set the cooking time and start the countdown. At the end the cooking area will be automatically switched off and a *beep* will sound. You can set independent timers on more than one area at the same time.

DELAY SWITCH OFF

COOKTOP

A smart timer feature allows you to set the automatic switch-off of the product after a predetermined time. Delayed shutdown may be used in order to leave the hood on even after cooking, so to fully remove stubborn odors and residual humidity.

RECALL

COOKTOP

If the hob is accidentally switched off, the Recall feature is activated within 6 seconds: just one touch is all it takes to reset all of the previously set features, on all cooking zones and the extraction system.

TEMPERATURE MANAGER

COOKTOP

The cooktop can be used with three programs (42, 72 or 92 degrees) to always ensure a perfect cooking.

CHILD LOCK

COOKTOP

This avoid that the cooking or extraction areas are not accidentally switched on. The function can be enabled when the product is switched on but the cooking areas and extraction are switched off.

DEEP SILENCE

An exclusive sound deadening technology that utilizes a patented filter design, which substantially eliminates air turbulence and ultimately reduce sound levels.

REMOTE CONTROL

ADA compliant Remote Control provides added convinience to the user, as well as full function access for those with limited mobility.

TOUCH CONTROL

Multifunction electronic touch control behinf sleek black glass and illuminate soft blue when activated.

LED LIGHT

Expected lifetime of over 20,000 hours, represents the most remarkable advantage of LED light bulbs.

TUNE WHITE

Choose preferred shade of white to create the right atmosphere. The Kelvin degrees regulation starts from a very warm tone up to a cold color.

HEAT GUARD

Senses extreme temperatures (>158 °F) and automatically adjusts the blower speed to HIGH.

ELICA´S EXCLUSIVE FEATURES

LONG LIFE FILTER
Air filter that can be regenerated and keeps characteristics for up to 3 years, avoiding unnecessary replacements and waste. It has a level of efficiency of around 60%.

MAINTENANCE ALARM
An indicator light that alerts the user when grease and odor filters are about to reach maximum saturation. therefore, it's easy to always know when it's time to wash or replace them in order to keep the appliance clean and operating roperly over time.

SEMI BAFFLE FILTER
A baffle shapes stainless steel filter with mesh backing allows air to pass but blocks grease, which drops into the high capacity baffle cavities.

3X LAYER MESH FILTER
Aluminum mesh filters are steps above competition, featuring triple-layered, anodized aluminum that is woven into a highly dense mesh.

PERIMETER ASPIRATION
The technology draws air through narrowed channel around a face plate, which increases suction, without increasing blower speed or energy consumption.

GREASE COLLECTORS
Professional grade Stainless Steel Baffle Filters designed for high airflow cooking, trap volumes of grease which are collected in trays for easy removal and cleaning.

CFM REDUCTION
Enables user to reduce directly the maximum blower CFM, to meet local code requirements.

REMOTE CONTROL
ADA compliant Remote Control provides added convinience to the user, as well as full function access for those with limited mobility.

HEAT GUARD
Senses extreme temperatures (>158 °F) and automatically adjusts the blower speed to HIGH.

REAR OUTLET INSTALLATION
The Easy Mounting System makes ducting out through the roar wall behind the hood canopy possible for this style hood.

ELICA EASY MOUNTING
Elica´s atented Easy Mounting System enbles hood installation to be donde in easy steps, without ladders, without ladders, without the added cost of purchasing a specialized duct transition, and without the added cost of purchasing a duct cover to hide ducting connection points.

UNIQUE MATERIALS
Products designed with special materials and finishes with great aesthetic impact but also with practical and durable characteristics, perfect for the kitchen.

PROFESSIONAL PERFORMANCE
Special features and high performances for models with aspiration capacity between 600 and 1200 CFM's.

TOP PERFORMANCE
Excellent performance for models equipped with this plus. High fume capturing capacity with an average aspiration range of 600 CFM's. with low noise levels, 1.2 - 1.7 sones at working speed.

TOUCH CONTROL
Multifunction electronic touch control behind sleek black glass and illuminate red when activated.

HUSH SYSTEM
An exclusive sound deadening tehcnology that effectively reduces sound levels by over 35%.

TOTAL INTEGRATION
The total look trend is becoming increasingly popular in kitchens now, guaranteeing a uniform, linear design with respect to the space. The total integration products have been designed to be seamlessly integrated into the kitchen whilst maintaining harmony with the surroundings.

SUPER EASY INSTALLATION
Installation can be done in total safety in just a few steps, safeguarding the look of the product and the space in which is positioned.

ELICA´S EXCLUSIVE FEATURES

OPEN DOOR ALARM

REFRIGERATION

To save energy and ensure proper preservation of your beverages, all Elica Undercabinet Refrigeration products come with a Door-Open Alarm, that will repeatedly beep when the door has been left ajar for longer than 5 minutes.

ECO-MODE

REFRIGERATION

Sustainable and environmentally friendly: Eco-Mode will maintain optimum interior temperature, while saving energy consumption turning he lights OFF.

EPC TECHNOLOGY

REFRIGERATION

Elica Perfect Climate with double air duct cooling syste. Meet Elica´s Intelligent System with sensors that deliver precise and consistent temperature & humidity evenly throughout the entire compart- ment, so that all stored bottles are preserved under the same conditions.

CONCEALED HINGE

REFRIGERATION

Door hinges are hidden within the door and do not extend above the top of the door, allowing for a cleaner, more refined appearance, plus enabling the refrigerator to fit tighter within cabinetry.

HIGH EFFICIENCY CARBON FILTERS

REFRIGERATION

Elica's advanced Carbon Filters remove odors and other gaseous pollutants from the air, ensuring fresh and pure environment.

QUIET OPERATION

REFRIGERATION

Elica offers a speed-controlled motor, reducing exterior sound levels, while offering hih ventilation performance to keep constant interior temperature and dampening any possible vibration that could disturb the preservation of wine and beverages.
