

# SBC682NCFTWIN

33.63" x 23.75" x 24" (H x W x D)

24" wide indoor/outdoor dual tap nitro cold brew coffee dispenser for built-in or freestanding commercial or residential use, with stainless steel exterior and caster set

### Highlights:

Commercially approved to NSF-7 standards

Complete dual tap nitro coffee dispensing kit includes Nitrogen tank, regulator, and all the hardware needed to pour the perfect brew

Weatherproof construction for safe use in the outdoors

### Product Features:

|                        |                                                                                                                                                                         |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Dispenses nitro coffee | Stout style tap allows you to serve smooth nitro cold brew on tap                                                                                                       |
| Full-sized dispenser   | 5.6 cu.ft. interior can accept a full half barrel or quarter keg, or up to three sixth barrels or Cornelius style kegs                                                  |
| Commercially approved  | ETL-S listed to NSF-7 standards and meets UL-471 for use in commercial settings                                                                                         |
| Weatherproof design    | Solid 304 grade stainless steel construction allows placement in the outdoors                                                                                           |
| Built-in capable       | Front-breathing design allows fully recessed installation under counters                                                                                                |
| Complete dual tap kit  | Commercial grade tap kit includes a dual tap stainless steel draft tower, Nitrogen tank, regulator, and all the connection equipment you need to serve cold brew coffee |
| Dual tap system        | Twin draft tower allows you to serve from two 1/6 (sixtel) sized kegs                                                                                                   |
| Automatic defrost      | Reduced user maintenance with auto defrost operation                                                                                                                    |
| Digital thermostat     | Electronic controls ensure easy temperature management, with an external readout in Celsius or Fahrenheit                                                               |
