

48 inch Induction Range, 6 Heating Zones and Cast Iron Griddle, Electric Self-Clean Oven - Gold Accents Heritage Series

\$ 21,659

HER486IGFEPXG

The new Bertazzoni ranges are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

This all-new induction range has 5 high-power heating zones with maximum power output of 3700W. The right-side heating zones can be bridged to create a larger cooking area. Each induction area is controlled with knobs and has a convenient read-out interface on the glass worktop. A large, removable cast-iron griddle is included.

The 4.6 cu.ft electric self-clean oven with dual diagonal convection allows even baking and roasting on 7 shelf levels. A 2.4 cu.ft auxiliary electric oven with broiler helps prepare multiple dishes at the same time. Bertazzoni ovens are equipped with an extra-large highpower broiler for broiling and grilling.

The soft-close oven door with edge-to-edge tempered glass is a masterpiece of European engineering and makes the oven door very easy to wipe clean. Convenient smooth-glide telescopic racks on 2 levels help loading and unloading the oven. This range comes with a dedicated air-frying mode for healthier cooking, to be used with the included stainless steel mesh basket.

Featuring the Collezione Metalli Gold Décor Set, integrated polished gold handle finials and knobs give the range a distinctive aesthetic signature, combining refined luxury with Bertazzoni's timeless Italian design.

The fingerprint resistant finish on all knobs, handles, and stainless steel oven door surfaces makes cleaning a breeze.

All Bertazzoni appliances are covered by a 2-year warranty.

Specifications

Features

Worktop

Size	48 in
Cooking zones	6
Number of induction zones	6
Worktop type	induction / standard cast iron griddle
Worktop design	stainless steel with seamless edges
Worktop controls	metal knobs
Knobs	metal
Backguard	yes
Cast iron griddle	yes

Cooking zones

Induction 2 bridge zones	yes
Induction front left	Ø 8 in 9/32 - 2300W up to 3700W
Induction back left	Ø 8 in 9/32 - 2300W up to 3700W
Induction center	Ø 8 in 9/32 - 2300W up to 3700W
Induction back center	Ø 10 ¼ in - 2600W up to 3700W
Induction front right	Bridge 2100W - 3700W
Induction back right	Bridge 2100W - 3700W

Oven cavity

Oven configuration	single
Oven fuel	electric
Oven convection system	dual diagonal with ring heating element
Oven type	electric convection self clean
Oven levels	7
